EVALUATION OF EDTL 633 PRESENTATION

Group Members:

PRESENTATION
The presentation demonstrated knowledge of good design principles.
Bibliographic references are included.
A well-organized presentation was made which included an introduction, two or more major points, appropriate media elements, and a conclusion. The materials included in the presentation are sufficient for the topic.
The presenters had an interest in the subject, confidence, eye contact, interaction with the audience, awareness of the audience's needs, and audience involvement.
The presentation materials are student created or referenced if created by others and are neatly presented.
Other
