

This is my portrait of an animal that I love and her name is Ebony, she is my Black Labrador. Ebony is 13 years old and she and I have been together since I was born. Ebony sleeps in our garage with her sleeping bag and her pillow. She is just too big to stay in our house, but she loves to be outside where the action is. Ebony has a worn out path around our fenced in yard and this is where she makes her morning walk around the yard. Ebony loves to play catch (though not as much as she used to). My brother and I hit the ball and she catches it and brings it back to us. Sometimes she does this only a few times because she tires easily. Ebony is a great protector of my brother and I; when we are outside she is always right by our side. Ebony always has a smile (she really does smile) and a wet kiss for us. Ebony is part of our family and we all love her very much. She loves my family and I as well.
